# 3M MOVIE PARTY

Summer is here and this is when new blockbuster movies are steadily coming out at the cinema! Fast & Furious 9, A Quiet Place 2, Wrath of A Man, which one do you look forward to the most?

However, since we're still in a pandemic, why not enhance your movie experience at the comfort of your home instead? You can get your family and closest ones to join you while still keeping up with the safety protocols.

If you have the space, outdoor movie night is a lot of fun.

Make sure all the supporting equipment such as projector, screen (a white bedsheet would do), chairs or rugs and Internet connection work perfectly. Choose a film to stream on, provide snacks (potluck is better!) and have a backup plan indoor in case the weather does not cooperate. Enjoy!
