WTC Barter Bazaar

As Ramadan draws closer to its end, it is somewhat customary in Indonesia for people to purchase new clothes for the big day. This *Lebaran*, however, why not trade and exchange?

In the spirit of minimizing fashion waste, Jakarta Land are excited to host WTC Barter Bazaar 'Mother & Child edition' on May 3 to 7 at WTC 3 Conference Hall.

From April 27-30, you can drop a maximum of 10 pieces of already-washed clothing to the Jakarta Land office on the 8th floor of WTC 5. A token will be given for each qualified piece.

To ensure the safety of everyone involved, all items will be disinfected and quarantined upon being received, while in transit, prior to being displayed and during. 3M COVID-19 protocols will be practiced at all times. You are also encouraged to bring your own bag and to re-wash any items brought from the bazaar.

This event is exclusive for WTC tenants and only those with tokens can exchange. Any leftover items by the end of May 7 will be donated to local charities.

Yours trully,

the community editor
