To join, scan the QR to complete the registration form or text 'join Kids Play at WTC' to 0811 1254 737

Bring Your Kids to Work Day

When you were a kid, did you ever wish to visit your parents workplace with them? Did you find the idea of accompanying your parents to work exciting?

Taking your children to work will give you a chance to communicate with them on a different level, they will get to see another side of your personality, and it can be a great way to bond with your children.

To celebrate the upcoming National Children's Day 2022, Jakarta Land would like to encourage you to transform your workplace into a child-friendly environment where your employees can bring their children for a short while.

The main purpose behind taking children to work is to give them an idea of what their parents do at the workplace, to learn about the workforce, and to build their self-esteem.

We are so excited to take our kids to work with us! It can be an experience of a lifetime for your child!

Yours truly,
the community editor
