Join WTC Communities!

These past two and a half years have inadvertently changed many aspects of our lives.

Everything is done through the Internet: online meetings, webinars, even *kulwap* (kuliah whatsapp). But let's be honest, we're all getting that online fatigue by now, aren't we?

Well, thanks to the eased PPKM restrictions, we can now resume to face-to-face interactions. Off the line.

Last month, WTC held a Health Talk with Jakarta's Public Health Office. This Friday, we're hosting a Kids Play @ WTC to celebrate National Children's Day.

Make sure you don't miss out on many of our upcoming events by joining the WTC Communities: Working Moms, Entrepreneurs, and coming soon, Footballers. Text 'join' to 0811.1254.737.

Yours truly,
 the community editor
