## *Paw Power!*

How many of you are aware that there is an International Animal Rights Day?

Celebrated on October 15th, Animal Rights Day is a global initiative where moral principles are grounded in the belief that animals deserve the ability to live as they wish, without being subjected to the desires of human beings.

There are five fundamental rights:

1. Free from hunger and thirst
2. Free from discomfort
3. Freedom to express natural behaviors
4. Freedom from stress and fear
5. Freedom from hurt and harm

In Indonesia, animal rights are supported in Article 302 of the Criminal Code (KUHP) and Law Number 18 of 2009 concerning Animal Husbandry and Health. And there have been cases where people are sentenced to prison for violating it.

So if you happen to have pets at home, be sure you are fulfilling their rights. Adopting an animal is a big responsibility and not everyone is up to it.

**Yours truly,**
