INSIGHT

WTC COMMUNITY WEEKLY

Thank You WTC People!

Late last month we opened a collection for the earthquake victims in Cianjur.

Yesterday, we passed them over to Sabhawana Social Response Team in collaboration with BNPB (National Disaster Relief Agency).

In total there were 44 boxes of canned and instant food, UHT milk, toiletries, snacks and biscuits, diapers, baby food, clothes and other basic necessities.

In addition, we donated trauma healing kit for children through the Psychology Department of the National Air Force.

The kit includes DIY projects tools, coloring books and snack in goodie bags. This particular activity will help to de-stress the kids from fear and anxiety as they pick up their lives following the tragedy.

Thank you to all of you who have donated, it is much appreciated. God bless ♥

Cianjur Charities
