Live, Love, Laugh

They say laughter is the best medicine.

They're right.

Laughter draws people together in ways that trigger healthy physical and emotional changes in the body. It strengthens your immune system, boosts mood, diminishes pain, and protects you from the damaging effects of stress.

With so much power to heal and renew, the ability to laugh easily and frequently is a tremendous resource for surmounting problems, enhancing your relationships, and supporting both physical and emotional health. Best of all, this priceless medicine is fun, free, and easy to use.

Laughter makes you feel good. And this positive feeling remains with you even after the laughter subsides. Humour helps you keep a positive, optimistic outlook through difficult situations, disappointments, and loss.

It gives you the courage and strength to find new sources of meaning and hope. Even in the most difficult of times, a laugh—or even simply a smile—can go a long way. And it really is contagious—just hearing laughter primes your brain and readies you to smile and join in the fun.

So, this Friday, leave your worries behind and come laugh with us at WTC Jakarta Comedy Night. It'll be worth it. See you there!

Yours truly,

the community editor
