WTC COMMUNITY WEEKLY

## *Coming Soon*

WTC Jakarta Open  
August 2023

## *World Badminton Day*

Apart from football, badminton is undoubtedly the most popular -and one that produces most medals- sport in Indonesia.

The country, currently ranked 4th by the Badminton World Federation, is such a dominant force in international stage that the world thinks of Indonesia when they think of badminton.

The deep love for the sport stemmed from the fact that it has always been a backyard game for Indonesian families. It is also very affordable, all you need is two rackets and a shuttlecock. And it is a very inclusive sport. It is played by virtually everyone, from any backgrounds, any gender, any ethnicity, any religion.

If you happen to play badminton, stay tuned for our upcoming announcement on an exciting event just for WTC tenants. Follow @wtc.jakarta on Instagram to make sure you don't miss it!

Yours truly,
