

# INSIGHT

WTC COMMUNITY WEEKLY

*Happy  
Holidays!*

## *Christmas is Underway!*

The week leading up to Christmas is usually the busiest one. Last-minute shopping, last-minute guest list, last-minute gift-wrap, last-minute everything.

In Indonesia, the tradition is going to the morning mass on the 25th, then home to welcome families and friends with a variety of foods prepped at least a day before. While it might be a challenge if you are still working up until Christmas Eve, these days you can take the easy road and pre-order. Have them delivered after church and you're all set. Less mess, less hassle.

The same goes with gifts. You can just buy ones that are ready to go or customize it to make it more personal. For example, here at WTC, Kemchicks offer whole Christmas meals such as turkey, roasted chicken, beef wellington and many more. Various hampers options are also available at The Coffee Bean, Baskin Robbins, The Harvest Express, Pepenero Bakery, Re.juve and Jugo juice.

As Christmas nears, we wish you a merry Christmas and may your holidays sparkle with joy and laughter.

Yours truly,  
the community editor
