WTC COMMUNITY WEEKLY

SOUP KITCHEN

Cambridge Dictionary defines soup kitchen as a place where free food is given to people with no money or no homes and with no questions asked.

In Indonesia, this is not a common thing. It normally pops up during emergencies such as in the events of natural disasters, pandemic and in refugee camps. Here, we refer it as *dapur umum*.

There are many ways to get involved in this social program. One can host an event, donate, advocate, organize a food drive and volunteer.

This Ramadan month, we would like to encourage you to participate in our soup kitchen charity called **“Donasi Rasa, Berbagi Berkah.”**

You can drop off food items at your building’s lobby until April 1 and volunteer alongside Foodbank of Indonesia on April 4 at their kitchen. Cooked meals will be delivered for Iftar at Masjid Jend. Sudirman WTC. For more information, contact 0811.1254.737

Yours truly,
the community editor
