WTC COMMUNITY WEEKLY

WORLD RED CROSS DAY

8 May is World Red Cross and Red Crescent Day – a global day to celebrate the uniqueness and unity of the **International Red Cross and Red Crescent Movement**.

The idea came about after the First World War, when an "annual action that could take hold in the whole world... that would be a major contribution to peace" was discussed at the 14th International Conference of the Red Cross.

The chosen date is the birth anniversary of Henry Dunant, founder of (ICRC) International Committee of the Red Cross and the recipient of the first Nobel Peace Prize in 1901.

World Red Cross Day is also a platform to raise awareness about the organization's principles, mission, and activities. It serves as a reminder of the importance of humanity, compassion, and solidarity in times of crisis. Individuals can show their support by organizing various activities such as blood drives, first aid training, fundraising, public awareness campaigns, and recognition of outstanding volunteers and humanitarian achievements.

Yours truly,

the community editor

WHAT'S NEW?
