WTC COMMUNITY WEEKLY

Museum Fatahillah, Kota Tua

## MUSEUM DATE

Every year since 1977, the International Council Of Museums has organised International Museum Day (IMD), which represents a unique moment for the international museum community.

On and around 18 May, participating museums plan creative events and activities related to the International Museum Day theme, engage with their public and highlight the importance of the role of museums as institutions that serve society and its development.

The objective is to raise awareness on the fact that, “museums are an important means of cultural exchange, enrichment of cultures and development of mutual understanding, cooperation and peace among peoples”.

In Jakarta alone, there are up to 178 museums worth visiting. And with IMD on the corner, perhaps you can use this weekend to go on a museum date and soak in all the history, culture and experience. Ticket prices vary but it can be as low as Rp 5.000 for adult or free for students. For more details on the museums, visit [jakarta-tourism.go.id](http://jakarta-tourism.go.id).

Yours truly,

the community editor
