WTC BLOOD DONATION

Blood donation is back at WTC Complex!

As part of our continuous support of a healthier life, on this September edition Jakarta Land is partnering with tenants Hitachi Energy and APL Zuellig Pharma to bring you a more complete experience.

While you wait for your turn, take advantage of the free skin check and thyroid assessment by Merck. You can also shop at the lifestyle and skincare stalls at the foyer. Free blood sugar test is offered for the first 100 donors.

For those who are looking to get a flu shot to boost your immune for the rainy season ahead, there will be on-the-spot vaccination with discounted prices. Other vaccines include meningitis, dengue fever, hepatitis A and B, HPV, pneumonia and vitamin C.

Early registration is required for vaccinations, contact Ms. Dian Aprilia on 0818.0689.7498.

For more information, email events@jakland.co.id.

Yours truly,
the community editor
