INDONESIAN WOMEN SHOW AT WTC

As part of our Art at WTC program, we are delighted to present Indonesian Women Art – Rentang Hara, an art exhibition that explores the multifaceted nature of femininity through the perspective of female artists.

The exhibition examines how womanhood is expressed, perceived, and experienced, bridging societal and natural realms.

The six featured female artists are Anita Bonit, Arum Dayu, Evelyn Pritt, Farra Lie, Natasha Lubis, and Tennesa Querida.

Each artist offers a unique perspective on the theme, contributing individual styles and imaginative visions.

The exhibition is displayed in the lobby of WTC 3 until 10th January 2025 and can also be viewed online at jakland.com/gallery.
