EVACUATION DRILLS

An evacuation drill is a practice exercise that simulates a fire or other emergency to test how well a building's emergency plan works.

The drill typically involves activating the alarm, evacuating the people inside, inspecting for any issues that need to be addressed, and evaluating.

And in conjunction with WTC's upcoming drill in mid November, and as part of our continuous improvement in HSE & training, we are inviting all tenants' Floor Wardens to attend the workshop

on Thursday, 7 November 2024 at Sabang room, Conference Hall, WTC 3.

WTC 1, 5 and 6 are scheduled at 09.30 - 11.30 and WTC 2 and 3 are at 13.30 - 15.30.

For more information, you can contact our Tenant Service Centre at 521 1500.

Yours truly,

the community editor

WHAT'S NEW?

Enjoy uniquely scrumptious Mediterranean fusion cuisine with daily specials at **Edrisi Eatery & Bar**, WTC 2 sculpture garden!

From Monday to Friday, enjoy free desserts, drinks and 10% discount with a purchase of main course. T&C apply.
