

INSIGHT

WTC COMMUNITY WEEKLY

Happy New Year!

We are counting down the days to a new calendar year and everyone looks to be in a much better mood already. The gloomy weather and cold breeze also seem to add a comforting nuance in this festive season. And we do have reasons to be slightly relaxed.

Nationwide, we have vaccinated over 40% of total population. We are also starting to give jobs to children as young as six. PPKM is back to Level 1 and economy is improving.

So before we welcome the new year, let's reflect on the good and the bad. Be grateful, you have survived another difficult year.

Last but not least, everyone at Jakarta Land wishes you a happy and safe New Year. Selamat Tahun Baru, xin nian yu kuai, gelukkig nieuwjaar, bonne année, buon anno, voorspoedige nuwe jaar!

See you in 2022!

Yours trully,
the community editor
