## Love is in the.. WTC Complex

If you were at WTC these past two weeks, you might have noticed a cherry blossom tree under the light at WTC 2. Well, it has since been replaced.

On Insight #96 we mentioned that there would be a thematic photo spot around the complex. First it was Chinese New Year, now it is Valentine's.

Head to the former Warung Kita area between Hoka Hoka Bento and Harvest at WTC 2 retail area, enjoy a rustic, romantic décor of love and join the photo competition on Instagram @wtc.jakarta!
