Valentine's contest!

WTC's Working Moms

Jakarta Land are excited to launch a new community program dedicated for mothers at the WTC Complex.

Working Moms is open for all mothers and expecting women who wish to share their journeys, tips and experiences to make life easier in navigating the hurdles of parenthood.

The online-based group will serve as a platform to educate and entertain as well as a network of support system.

There will be exclusive knowledge sharing, invitations, competitions, market sale and offline events in the future so be sure to sign up!

Yours trully,
the community editor
