

## what's been going on This January

### Growing Greener Together through ORGANIC WASTE RECYCLING

Together with 16+ retail tenants, we managed to divert nearly **60 tons** of organic waste from landfill. Using the Black Soldier Fly (BSF) method, food waste was transformed into protein-rich animal feed and nutrient-rich fertilizer.

### “A Moment's Pause” Tribute to A.D. Pirous Art Exhibition

We are pleased to present a new Islamic art exhibition titled “*A Moment's Pause*”, a tribute to the late master painter A.D. Pirous, presented in collaboration with Serambi Pirous.
